

# Jinlang Technology PV Inverter Ranking

How pvbl ranked the top 20 global photovoltaic inverter brands in 2023?

On the first day of the conference, PVBL's annual ranking of the Top 20 Global Photovoltaic Inverter Brands was announced. Preferential policies promoted the inverter market growth in 2023. Most of the major inverter companies won a large amount of orders and expanded their capacity with high shipment volume.

Which inverter manufacturers dominate China's market share?

Growatt and Jinlang Technology ranked fifth and sixth respectively. Shangneng Electric and Goodway entered the top nine, TBEA and Shouhang New Energy also ranked top, and Kehua Data squeezed into the top 20. The ranking shows that many inverter manufacturers in China continue to control the high market share of the inverter industry.

Which companies are the best inverters in the world?

Chinese companies continue to dominate this ranking, with Sungrow maintaining its position at the top, followed by Huawei and Ginlong Technologies in the second and third places. S&P Global is a leading global information provider and annually publishes rankings for the shipment volume of photovoltaic inverters.

Who makes the world's top 10 inverter shipments?

Six of the world's top 10 inverter shipments are from Chinese suppliers. They are Huawei, Sunshine Power, Growatt, Jinlang Technology, Shangneng Electric, and Goodway. In addition, three Chinese companies, including TBEA Electric Engineering, Shouhang New Energy, and Kehua Data, also made it into the top 20.

What is the global photovoltaic inverter shipment volume market ranking in 2022?

Recently, the globally authoritative research institution S&P Global released the shipment volume market ranking for global photovoltaic inverters in 2022. Chinese companies continue to dominate this ranking, with Sungrow maintaining its position at the top, followed by Huawei and Ginlong Technologies in the second and third places.

Which Chinese inverter companies have a strong growth rate?

However, as a number of Listed Chinese inverter companies such as Sunshine Power, Jinlang, Goodway, Kehua, and Shangeng released first-quarter financial statements, the revenue, net profit and other operating indicators of China's major inverter enterprises have achieved relatively strong growth.

Ningbo, China - August 13th, 2024 - Solis (Ginlong Technologies), a global leader in solar inverter technology, proudly announces it has received the #1 ranking position in global residential inverter shipments, as reported in the latest Wood Mackenzie inverter market share report. Solis also continued to rank as the third-largest inverter manufacturer globally in ...
