

# Photovoltaic pallet board manufacturers

Are solar panel pallets reusable?

Adjustable, collapsible, reusable pallets engineered for solar panels. PVpallet's solar panel pallets, Series X and Series X.L, fit a range of panel sizes. These pallets are purpose-built with added features like protective sidewalls, a steel-reinforced base, and an efficient load management system.

Will pvpallet revolutionize the way we ship solar panels?

At least that's our approach. PVpallet is the first solar shipping solution to revolutionize the way solar modules are handled and distributed.

What is a solar panel pallet?

It's truly a game-changing solution for handling solar panels that improves efficiency and safety while reducing costs associated with breakage and packaging waste. PVpallet's solar panel pallets are purpose-built to reduce panel breakage, streamline operations, improve safety, and optimize storage.

What happened to wood pallets for solar panels?

While performing rural solar installations in Northern Missouri, Luke Phelps and his team at a regional solar design and installation company quickly realized the amount of waste, lost time, and expense associated with the single-use wood pallets on which their solar modules were shipped to installation sites.

Does pvpallet test reusable solar panels?

PVpallet does not warrant that all loads will perform the same as lab testing. PVpallet's reusable solar panel pallets can be adjusted to fit a range of panel sizes and are purpose-built with added features like protective sidewalls, a steel-reinforced base, and an efficient load management system.

What sizes does pvpallet offer?

Watch the Full Product Demo. PVpallet's solar panel pallet is available in two sizes. Series X is designed for solar modules between 63.5" and 83.5" in length. Series XL is designed for larger 90" modules. Custom sizing is available upon request.

ASRS - Pallet Support Board. International Wood Industries is the leading supplier of plywood pallet support boards (slave pallets) to the material handling industry. Our dimensional capabilities are 5" wide by 10" long in thicknesses of ...

We are the nation's largest provider of pallet management services, trusted by over 2,700 customers across a variety of industries. We provide our customers with reliable, cost-effective end-to-end pallet solutions through our nationwide network of 45 company-owned and operated facilities and more than 180 affiliates.. Our facilities and fleet are company owned and ...
