

Ranking of photovoltaic panel component trading companies

What are the top solar panel manufacturers?

The top global solar panel manufacturers, based on their scale, include companies such as TW-Solar, JA Solar, AIKO, and others - these manufacturers ship a large number of solar products around the world each year.

Who are the top European solar photovoltaic (PV) companies?

This report lists the top Europe Solar Photovoltaic (PV) companies based on the 2023 & 2024 market share reports. Mordor Intelligence expert advisors conducted extensive research and identified these brands to be the leaders in the Europe Solar Photovoltaic (PV) industry. Lightsource bp Renewable Energy Investments Limited.

Which companies are leading the global PV module market in 2022?

A total of 18 Chinese companies were selected in the top 20 list, with a total output of more than 270GW in 2022, gradually taking over the global PV module market with their unique advantages. LONGi, the king of the PV industry, supplied 46.76GW of modules in 2022, up 21% year-on-year.

Who makes the most solar panels in 2022?

JA Solar, Canadian Solar, and Risen Energy rounded out the top six, in a year dominated by large-format modules. TrendForce says in a new report that the top six module manufacturers in 2022 shipped around 205 GW to 211 GW of PV panels, accounting for 76% to 78% of 270 GW of module demand last year. All of the main manufacturers are based in China.

Who are the top 20 solar module manufacturers?

The module shipments of the top 20 manufacturers increased by more than 50% year-on-year, of which the shipments of the top four accounted for 59.95% of the total shipments of the top 20. The major players maintained their leading positions throughout the list. The top four were LONGi, Jinko, Trina and JA Solar, the same order as previous year.

How many solar PV module manufacturers are there?

Wood Mackenzie has released a comprehensive ranking of global solar PV module manufacturers based on a unique scoring criteria. We evaluated more than 30 solar PV module manufacturers based on vendor surveys, public filings, proprietary databases and dozens of conversations with manufacturers.

In the dynamic world of solar energy, 2023 proved to be a noteworthy year for the top solar module manufacturers. The recently unveiled shipment rankings shed light on the ...
