

Sany Heavy Industry Photovoltaic Panel

When the heavy industry was cold, he waved his hand into the wind turbine market, pushed Sany heavy energy to the market, and smashed the wind power pattern. Although Sany's investment in photovoltaic is far less than that of cross-border Hesheng Silicon Industry, it is an opponent that must be attached great importance to strategically.

In 2022, SANY Heavy Industry was rated by the "MIT Technology Review" as one of the "50 Smartest Companies" of the year, and the SANY Group was honored on Forbes China's Best Employers list.
