

# Solar support carton manufacturer

Why do solar companies need reusable packaging & turnkey logistics services?

Solar companies can reduce waste, streamline operations, and save money through our reusable packaging and turnkey logistics solutions. We offer robust options like BOS bulk bins and solar module pallets, as well as packaging consulting and turnkey logistics services. Our goal is to provide win-win solutions that benefit both people and the planet.

Who is cartonboard packaging?

Leaders in cartonboard packaging, specialising in stand-out constructional design for customers across a range of industries. Creating bespoke packaging designs for over 85 years. Our original, stand-out packaging designs grab attention and can greatly improve both the number of product sales and the value of the products.

Why should you choose carton board packaging?

Carton board packaging is also environmentally friendly compared to other packaging. And we take being green seriously, from our solar panels to our FSC accreditation for sustainable sources. We'll deliver your cartons anywhere in the world, to arrive in pristine condition and on time.

Will pv pallet revolutionize the way we ship solar panels?

At least that's our approach. PV pallet is the first solar shipping solution to revolutionize the way solar modules are handled and distributed.

What services does PV pallet offer?

PV pallet offers turnkey logistics, tracking, cleaning, and refurbishment services. These ensure that your reusable packaging fleet is traceable and in top condition, ready for deployment. PV pallet assists in driving efficiencies and process improvement at the branch and warehouse level, while significantly reducing waste and damage.
